Sir,

The Rural Medical Practitioners of Kudatini and Halwagal have applied for mutual exchange on grounds of unsuitability of the climate of the places to them. The petitions of the Rural Medical Practitioners ware sent to the Principal, Government Indian Medical School, Kilpauk, Madras, for remarks in this Office letter B.R.No.5411/41, dated 26-5-1941(copy enclosed).

P.T.O.

2. In such cases where two Practitioners are mutually agreeable to settle down in their new stations I thought the termination of their present agreements, and execution of fresh agreements in respect of the new stations would serve the purpose. I beg to know if this presumption is correct.

3. The Principal in his letter R.C.No.9735-PL2-41, dated 16-5-41 stated that he had no objection to the proposed transfer and the sanction of the Government may be obtained as per Clause 8 of the agreement appended to G.O.No.3510 P.H., dated 4-10-1938.

4. I, therefore request that the Government may be pleased to consider the cases and accord sanction for the changes applied for.

In continuation of my C.No.5411/41, dated 29-4-41 on the subject I enclose a petition dated 6-5-41 from the Rural Medical Practitioner, Kudatini adducing definite grounds of unsuitability of the climate of the place to him. In the circumstances stated by him and supported by the Medical Certificate the original of which is stated to have been submitted to you, his contention may, I think, be accepted.

As the Rural Medical Practitioners are willing for mutual exchange of stations their request may be allowed. If you agree, they will be given fresh postings to the places. The cancellation of their present agreements and execution of fresh agreements will, I believe, serve the purpose.

The President,

District Board,

Bellary.

Sir,

I, H.Krishnamayya Rural Medical Practitioner,Kudatani beg to bring the following few lines for your kind consideration and early favourable orders.

As the climate of this place does not suit me and my family I request you to kindly permit me to set up my practice at Haluvagal as a Rural Medical Practitioner in the subsidized Rural Dispensary Haluvagal. The Rural Medical Practitioner (Mr. V.Madalagatti Rao) Haluvagal is willing to set up his practice at the Rural Dispensary Kudatani.

I beg to remain,

Sir,

p 11 ante

I have put in an application through the President District Board Bellary dated 25-4-41 for change of place with the Rural Medical Practitioner Haluvasal due to unsuitability of the climate of the place to my constitution and also of the frequent sickness of my wife. I am working in this place, Kudatini, since five years. From last four years I am getting skin eruptions just during the hot climate that is between April to July and subsides subsequently after rain and some medicines. Since then I have been consulting and was being advised by Dr P. Venkatasivi M.D of Madras. From my experience and as per his advice I think I will not be troubled by this skin troubles if I change to a cooler place and hope to get rid off this worry and be left in peace of mind to do my legitimate duty by the Public. The village Haluvasal is cooler as it is surrounded by river and forest and is in a higher altitude. In support of my above statement I here with enclose

the certificate of Dr P. Venkatasivi. Therefore I request you to kindly consider my case favourably and pass necessary orders at an early date. The R.M.P of Haluvasal is willing to go to Kudatini which is mentioned p Mandal in a substantial letter in the application.

Yours most obediently

to certify that Dr. A. Krishna Mayya had been to consult me about his skin lesions at least half a dozen times - Every Summer he breaks down with these lesions - I have had his blood tested by the Research Laboratory madras and it was negative. I think that a change of climate will do him much good - from a hot place to a comparatively cooler place as he has tried several remedies and these gave him only some relief for a time. Hence I strongly recommend him a change of air.
